

ENVIRONMENTALLY SUSTAINABLE PRECISION CLEANING FLUIDS

Tergo™ A family of safe, non-flammable precision cleaning fluids which offer excellent cleaning performance and can be used in most types of modern, vapour degreasing equipment.

Introducing the new **Tergo™ XCF** range of **PFAS-free products**. Designed to replace HFEs, HFCs and other PFAS containing solvents in cleaning, degreasing and flushing applications. The answer to your long-term component cleaning needs and available TODAY!

THE BENEFITS

- Low global warming potential
- Zero ozone depletion
- Non flammable
- Considerable cost savings on competitor fluids

Used in conjunction with our Cleanseal range of ultrasonic cleaning machines, **Tergo™** solvents provide a **complete, sustainable, component cleaning package**.

If you would like to find out more about these exciting new products or arrange cleaning trials on your sample components, contact us on:
